

PGS-CL for High Grip Surface

Sometimes, drivers have issue with **TOO MUCH HIGH GRIP.**

Cause

High Humidity + Carpet Surface = **“Extreme High Grip”**

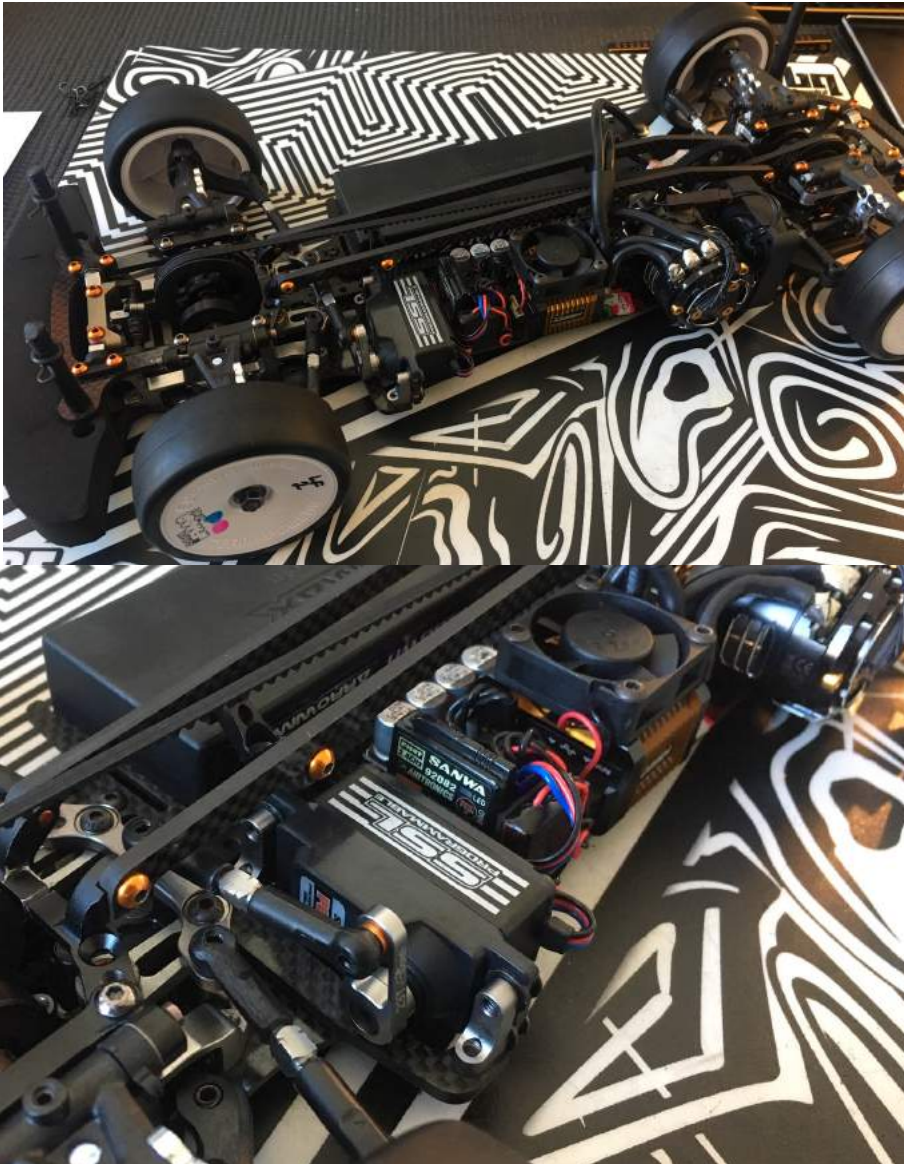

Solution !!

PGS-CL
PROGRAMMABLE
SSL SERVO

With PGS-CL upgrade kit

Viktor Wlick (Serpant)

His Comments about PGS-CL

About steering is less than SRG-LS, but feeling is smother than SRG-LS.

PGS-CL is good feeling on carpet. It would be good on high traction carpet.

Setting Values for high grip surface

Contents	Default	For High Grip Surface
